SUPPLEMENTARY INFORMATION:

Background

On November 18, 2025, Commerce published the *Preliminary Results* of the 2023-2024 administrative review of the antidumping duty (AD) order on raw honey from Vietnam.¹ We

¹ See *Raw Honey From the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty Administrative Review; 2023-2024*, 90 FR 51653 (November 18, 2025) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

invited interested parties to comment on the *Preliminary Results*. Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by 21 days.³ On March 18 and May 29, 2026, Commerce extended the time period for issuing the final results in this review.⁴ Accordingly, the deadline for these final results is June 8, 2026.

For details of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵

Scope of the Order⁶

The product covered by this order is raw honey from Vietnam. For a full description of the scope of the *Order*, see the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on a review of the record and the comments received from interested parties, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the preliminary weighted-average dumping margin calculations for BMT and DakHoney. For further discussion of these changes, *see* the Issues and Decision Memorandum.

Separate Rates

No parties commented on our preliminary separate rate determination.⁸ Therefore, we have continued to grant separate rate status to 12 companies/company groups.⁹ Additionally, consistent with the *Preliminary Results*, we have continued to deny separate rate status to 18 companies/company groups.¹⁰

Rate for Non-Examined Separate Rate Respondents

The statute and Commerce's regulations do not address what rate to apply to respondents not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an

⁸ *See Preliminary Results.*

⁹ *See* Appendix II. We listed 14 companies/company groups in the *Preliminary Results*. For these final results, we have removed the separate listings for "Nguyen Hong Honey, Co Ltd." and "H.T. Honey Co., Ltd." and have added these companies to "Dak Nguyen Hong Exploitation of Honey Company Limited TA" and "Hoang Tri Honey Bee Company Limited," respectively.

¹⁰ *See* Appendix III.

investigation, for guidance when calculating the rate for non-selected respondents that are not examined individually in an administrative review. Section 735(c)(5)(A) of the Act states that the all-others rate should be calculated by averaging the weighted-average dumping margins for individually-examined respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available. When the rates for individually examined companies are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use “any reasonable method” to establish the all-others rate.

For these final results, we assigned the separate rate respondents identified in Appendix II, a dumping margin equal to the simple average of the dumping margins for BMT and DakHoney,¹¹ consistent with the guidance in section 735(c)(5)(A) of the Act.¹²

Final Results of Review

We determine that the following dumping margins exist for the period June 1, 2023, through May 31, 2024:

Exporter	Weighted-Average Dumping Margin (percent)
Ban Me Thuot Honeybee Joint Stock Company	26.77
Daklak Honeybee Joint Stock Company	8.83
Companies Receiving a Separate Rate ¹³	17.80

¹¹ With two respondents under examination, Commerce normally calculates: (A) a weighted-average of the dumping margins calculated for the examined respondents; (B) a simple average of the dumping margins calculated for the examined respondents; and (C) a weighted-average of the dumping margins calculated for the examined respondents using each company’s publicly ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. *See, e.g., Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010).

¹² *See* Memorandum, “Final Calculation of the Dumping Margin for Respondents Not Selected for Individual Examination,” dated concurrently with, and hereby adopted by, this notice for the discussion of this issue.

¹³ *See* Appendix II for a list of these companies.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties for these final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the publication date of these final results in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For each individually examined respondent in this review whose weighted-average dumping margin in the final results of review is not zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce intends to calculate importer/customer-specific assessment rates.¹⁴ Where the respondent reported reliable entered values, Commerce intends to calculate importer/customer-specific ad valorem assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer/customer and dividing this amount by the total entered value of the merchandise sold to the importer/customer.¹⁵ Where the respondent did not

¹⁵ See 19 CFR 351.212(b)(1).

report entered values, Commerce will calculate importer/customer-specific assessment rates by dividing the amount of dumping for reviewed sales to the importer/customer by the total quantity of those sales. Commerce will calculate an estimated ad valorem importer/customer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis*; however, Commerce will use the per-unit assessment rate where entered values were not reported.¹⁶ Where an importer/customer-specific ad valorem assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or *de minimis*, or an importer/customer-specific ad valorem assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁷

Pursuant to Commerce's refinement to its practice, for sales that were not reported in the U.S. sales database submitted by a respondent individually examined during this review, Commerce will instruct CBP to liquidate the entry of such merchandise at the dumping margin assigned to the Vietnam-wide entity (*i.e.*, 60.03 percent).¹⁸ For respondents not individually examined in this administrative review that qualified for a separate rate, the assessment rate will be equal to the weighted-average dumping margin assigned to the respondents in these final results of review.¹⁹

Additionally, where Commerce determines that an exporter under review had no shipments of subject merchandise to the United States during the POR, any suspended entries of subject merchandise that entered under that exporter's CBP case number during the POR will be liquidated at the dumping margin assigned to the Vietnam-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margins established in the final results of this review, except if the rate is *de minimis*, in which case the cash deposit rate will be zero; (2) for previously-examined Vietnamese and non-Vietnamese exporters not listed above that at the time of entry are eligible for a separate rate based on a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Vietnam exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate previously established for the Vietnam-wide entity (60.03 percent); and (4) for all non-Vietnamese exporters of subject merchandise which at the time of entry do not have a separate rate, the cash deposit rate will be the rate applicable to the

Vietnamese exporter that supplied the non-Vietnamese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification of Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility to return or destroy proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: June 8, 2026.
