Polytetramethylene Ether Glycol From the People's Republic of China, the Republic of Korea, Taiwan, and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published notice in the **Federal Register** of May 5, 2026, in which Commerce initiated the less-than-fair-value (LTFV) investigations on polytetramethylene ether glycol (PTMEG) from the People's Republic of China (China), the Republic of Korea (Korea), Taiwan, and the

Socialist Republic of Vietnam (Vietnam). This notice corrects a typographical error with respect to the Harmonized Tariff Schedule of the United States (HTSUS) subheadings in the scope of the investigations.

FOR FURTHER INFORMATION CONTACT:

Laura Delgado at (202) 482-1468 (China), Matthew Palmer at (202) 482-1678 (Korea), Jacob Waddell at (202) 482-1369 (Taiwan), and Rebecca Janz at (202) 482-2972 (Vietnam), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On May 5, 2026, Commerce published in the **Federal Register** the initiation notice of the LTFV investigations on PTMEG from China, Korea, Taiwan, and Vietnam.¹ In the *Initiation Notice*, Commerce inadvertently made a typographical error with respect to one of the relevant HTSUS subheadings in the appendix, "Scope of the Investigations."

Correction

In the **Federal Register** of May 5, 2026, in FR Doc. 2026-08727,² on page 24168, in the second column, correct the third HTSUS subheading referenced in the fourth paragraph of the section "Appendix—Scope of the Investigation" as follows:

The subject merchandise is classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 3907.29.0000. Subject merchandise may also be imported under HTSUS subheadings 2932.11.0000 and 3404.90.5150. Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

For a full description of the scope of these investigations, revised to reflect the correction specified above, *see* the appendix to this notice.

Notice to Interested Parties

This notice is issued and published in accordance with sections 732 and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.203(c).

Appendix

Scope of the Investigations

The merchandise covered by the investigations is polytetramethylene ether glycol (PTMEG), which is a polymer consisting of linear diols (*i.e.*, organic chemical compound that has two hydroxyl (-OH) functional groups) with a molecular backbone of repeating tetramethylene units (-CH₂CH₂CH₂CH₂-) interconnected through ether bonds (*i.e.*, a single oxygen atom bonded to two carbon atoms), with a chemical formula HO{[(CH₂)₄]}. PTMEG is also referred to as Polytetrahydrofuran, PTHF, Polytetramethylene ether glycol, PTMG, and Polybutylene glycol. PTMEG is typically blended with butylated hydroxytoluene (BHT) or another stabilizer such as higher molecular weight hindered phenols or phosphoric acid. In addition to a stabilizer, PTMEG is sometimes blended with a modifier or additive, such as phosphoric acid or sulfuric acid. The scope includes all blends consisting of PTMEG and stabilizers, modifiers, and/or additives, where the stabilizers, modifiers, and/or additives collectively account for no more than two percent of the total weight of the PTMEG blend. PTMEG is normally associated with Chemical Abstracts Service (CAS) registry number 25190-06-1.

The scope includes all forms of PTMEG, regardless of physical form, purity, molecular weight, number of hydroxyls, number of acids, color, density, softening point, glass transition point, flash point, water content, viscosity, and packaging. PTMEG that has been blended with other products is included within this scope when such blends include constituent parts that have been intermingled but that have not been chemically reacted with each other to produce a different product. For such blends, only the PTMEG component of the mixture, inclusive of any stabilizers, modifiers, and/or additives collectively accounting for no more than two percent of the combined weight of the PTMEG component and the stabilizers, modifiers, and/or additives, is covered by the scope of the investigations.

The scope includes merchandise matching the above description that has been processed in a third country, including by commingling, diluting, introducing, or removing stabilizers, modifiers, or additives, or performing any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the subject country. The scope also includes PTMEG that is commingled or blended with PTMEG from sources not subject to the investigation. Only the subject component of such commingled products is covered by the scope of the investigations.

The subject merchandise is classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading

3907.29.0000. Subject merchandise may also be imported under HTSUS subheadings 2932.11.0000 and 3404.90.5150. Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Certain Cold Drawn Mechanical Tubing of Carbon and Alloy Steel From Italy: Preliminary Results of Antidumping Duty Administrative Review; 2024–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Dalmine S.p.A. (Dalmine) made sales of subject merchandise at less than normal value (NV) during the period of review (POR), June 1, 2024, through May 31, 2025. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable May 14, 2026.

FOR FURTHER INFORMATION CONTACT: Colin Thrasher, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3004.

SUPPLEMENTARY INFORMATION:

Background

On July 25, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on certain cold-drawn mechanical tubing of carbon and alloy steel (cold-drawn mechanical tubing) from Italy.¹ On July 25, 2025, Commerce selected Dalmine S.p.A. (Dalmine) as the mandatory respondent in this review.² On September 12, 2025, Dalmine filed a letter notifying

Commerce of its intent not to participate in this proceeding.³

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁴ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁵ Accordingly, the deadline for these preliminary results is now May 11, 2026.

For a complete description of the events that followed the initiation of this administrative review, *see* the Preliminary Decision Memorandum.⁶ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Order

The product covered by this review is cold-drawn mechanical tubing from Italy. For a complete description of the scope of the *Order*, *see* the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Act. Because Commerce preliminarily finds that Dalmine failed to cooperate to the best of its ability in responding to our requests for information, Commerce relied on facts available, with adverse inferences (AFA), in determining this company's dumping margin, consistent with section 776 of the Act. For a full description of the methodology underlying these preliminary results,

³ *See* Dalmine's Letter, "Notification of Intent Not to Participate in the Administrative Review," dated September 12, 2025.

⁴ *See* Memorandum, "Deadlines Affected by the Shutdown of the Federal Government," dated November 14, 2025.

⁵ *See* Memorandum, "Tolling of all Case Deadlines," dated November 24, 2025.

⁶ *See* Memorandum, "Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Cold-Drawn Mechanical Tubing of Carbon and Alloy Steel from Italy" dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

see the Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following estimated weighted-average dumping margin exists for the period June 1, 2024, through May 31, 2025:

Exporter/producer	Weighted-average dumping margin (percent)
Dalmine S.p.A	68.95

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied AFA to the individually examined company, Dalmine, in accordance with section 776 of the Act, and the applied AFA rate is based solely on the petition, there are no calculations to disclose.⁷

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.⁸ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁹ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁰

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public executive summary for each issue raised

⁷ *See* Preliminary Decision Memorandum at the section, "Application of Facts Available and Adverse Inferences," for a discussion of the AFA rate assigned to Dalmine for these preliminary results.
